- Prevents injury during excessive load lifting

#613 FITNESS GLOVES

- Workout wear for stability
- Decreases callouses

FITNESS

#634 BODY TRIMMER

- Rotating grips allow natural movement
- Burns Calories away from Abdominal and Waist area
- Improve gripping

COLD

DJ COLD COMPRESSION THERAPY PNEUMATIC (AIR) COMPRESSION THERAPY

#701 - KNEE

#702 - SHOULDER

#703 - ANKLE

#704 - ELBOW

DJ cold compression therapy is a medical rehabilitation product that combines in a single device, the principles of CRYOTHERAPY and COMPRESSION Therapy, thereby addressing adequately to two R.I.C.E protocols in the treatment of inflammation and pain, ...ICE (cold) and COMPRESSION. It is extensively used in the management of acute injury to treat inflammation and pain. Cold compression therapy heals faster in many ligament, muscle and tendon injuries. It reduces muscle spasms, decreases swelling and pain and increase flexibility. The removable air pump and tube offers excellent patient compliance. Available for knee, ankle, elbow and shoulder joint.

#411 Hot Cold THERAPEUTIC BEADS

- Reusable and easy to use
- Non-toxic Beads, Lead and BPA-free
- Flexible, form-fitting shape and conforms Body Shape

COLD THERAPY

KNEE SUPPORTS

#201 KNEE SUPPORT

- Wrap around design fits all Knee sizes
- Open Patella design relieves Patellar pressure

Size **One size fits Most**

#202 KNEE SUPPORT

- Wrap around Brace ensures perfect and adjustable fit around Knee
- Reinforced Patella stabilizer prevents displacement

Size **One size fits Most**

#204 HINGED KNEE STABILIZER

- Two Metal Hinges provide support and stability to Medial and Lateral Ligaments
- Patellar Pad provides protection and prevent displacement

Size **S, M, L, XL, XXL**

#206 PATELLA STRAP

- Dual Strap provide optimal compression to reduce Muscle contraction
- Alleviate pain, prevent fatigue, improves performance

Size **One size fits Most**

#203 KNEE SUPPORT WITH STAYS

- Medial and Lateral Stays provide additional support and stability
- Provide adequate compression to injured Knee

Size **One size fits Most**

KNEE SUPPORTS

ANKLE SUPPORT

NEOPRENE

ELBOW SUPPORT

#211 ANKLE SUPPORT

- Two extra Crisscross Strap for extra compression
- The Crisscross Straps helps increase Ankle stability and provide support to injured or weak Ankle

Size One size fits Most

#212 ANKLE SUPPORT WITH STRAP

- Extra Strap allows adjustable compression to provide support to Ankle Joint and Ligaments
- Improves healing and maintain flexibility

Size S, M, L, XL

#221 ELBOW SUPPORT

- Wrap around design & Adjustable Compression
- Reduces chances of injury

Size One size fits Most

#222 TENNIS ELBOW SUPPORT

- Wrap around with Buckle and Strap design
- Pressure point offers pressure to Muscle on Forearm

Size One size fits Most

#223 ELBOW SUPPORT WITH STRAP

- Provides adequate need based compression for injured or over stressed Elbow
- Permits limited motion to Elbow joint following injury or surgery to prevent stiffness

Size One size fits Most

#331 ATHLETIC SUPPORTER

- Provides durable, comfortable support
- Absorbs impact to help prevent scrotal injury

Size S, M, L, XL

#401 SILICON HEEL CUSHION

- Alleviates pain and relieves pressure impacted by Plantar Fascists and Heel Spurs
- Silicone provides for added comfort and better shock absorption

Size S, M, L, XL

#246 BACK SUPPORT

- 4 Metal Stays and two extra Straps in back to provide stability
- Low Back pain, Spondylitis, Muscle strain
- Can be used during physical fitness program

Size S, M, L, XL

#241 WAIST SUPPORT

- Adjustable compression, relives Muscle stiffness
- Excellent support during physical exercise
